"We have been fortunate enough to have been associated with Sherwood Strata Management for in excess of 7 years, with Sherwood being chosen as our Strata Management company of choice on every occasion. The level of service, interest & time given by Sherwood to our ongoing needs and to discuss various issues has been outstanding. Sherwood manages our past & current developments & we regularly send potential buyers past our previous developments with the knowledge that they are impeccably maintained by Sherwood. It is a pleasure dealing with someone daily who takes such pride & enjoyment in what they do. We look forward to continuing our ongoing business with Sherwood."

Kind Regards,
