Friday 23rd August 2013.

Dear Linda,

Thank you for asking me to give you a testimonial, I feel proud and honored to do so.

Our working relationship goes back approximately ten years now, not only are you a fantastic Strata manager but also a cherished client and friend.

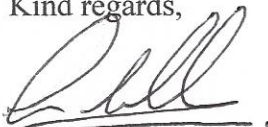

What endears me to you Linda is your infectious personality, you always have a smile no matter what the problem is, you are always available at anytime of the day to assist with any problem I may have.

If you are a prospective client reading this, please pick up the phone and call Linda at Sherwood Strata management, whether you would like her to create your Strata portfolio or whether you would like her to take over an established complex, it will be the best call you make.

I have always found you to be conscientious, friendly and most of all professional in all our dealings.

I look forward to many more dealings with you Linda, I am sure your management service will go from strength to strength,

Kind regards,

Andrew Hill
Senior sales consultant.
